

Daughters-at-Large Province VII Report

I am planning a Easter letter this year. Easter is a new beginning for plants, trees and flowers. As well as the beginning of a new time with our Lord. After a long winter we all need a refreshment time and that is what I hope this newsletter will be.

One of the interesting things that happen was that I received a return letter a year after it was sent. So much for our mail system of first class mail.

Please keep all DAL in your prayers. some have started a new Chapters and others have become discouraged by the way our Church and Daughters are going and have dropped out. My prayer is that they will continue to keep their vows and start new chapters if possible, and not leave the Daughters.

For His Sake

Sandy Martin
